

Dear CBA South-East members,

Summer is now well and truly upon us. The recent tour of Chichester Harbour and Fishbourne Palace were scorching but well worth the effort. A special thanks go to Lauren Tidbury of CITiZAN and Fishbourne Curator, Rob Symmons, for providing informative and entertaining excursions. Our next tour of Abinger is almost fully booked and looks set to be our busiest outing yet, not to mention hotter than Chichester. I look forward to seeing many of you there.

Don't forget to sign up for the **CBA South-East Annual Conference and AGM** on the **7th October**. The event is booking up fast—see the next page for more details.

The Home Front Legacy project is coordinated by the Council for British Archaeology and helps local communities find out about, and map, the remains of the First World War, raising awareness of the wide range of archaeology that survives across the UK.

By recording sites you are making a valuable contribution to the archaeological record and ensuring that the story of these sites is preserved for future generations. There are a number of ways you can get involved and encourage your members to take part:

- Have a look at the website <http://www.homefrontlegacy.org.uk/wp/> and see what has already been recorded near you
- Host a Home Front Legacy meeting to work through the training guide together, go on a site visit, or carry out some desk based research to find out about sites you could record in your local area
- Work with your local branch of the Young Archaeologists Club using resources for young people
- Share information about the project with your members and encourage them to get involved via your newsletters and social media

Please email any events, talks, recent publications relevant to the south-east, or fieldwork opportunities to events@cbasouth-east.org

Next e-letter will be issued approximately on **August 31st** – please send any September, October or November info by **August 25th**
