

From our vice-chair:

Dear members,

Hopefully the coming spring proves to be a slight improvement from the wet and windy conditions of the past couple of months, and those who are undertaking fieldwork have not suffered too much in their endeavours.

This year looks to be an exciting one ahead, particularly with the various events which will highlight the ever-important issue of climate and the environment as part of the 2020 Festival of Archaeology. Our annual conference in October will also be focused on the issue of climate change, as well our tours for this year, and we hope to have more firm dates for the tours and details of the conference programme very shortly.

We are also very pleased this year to be able to enhance our current grant scheme in order to offer extra support for youths involved in archaeology and heritage. This Young Archaeologists Grant has been set-up to allow YAC groups, museum clubs and other organisations working with young people to apply for funding towards sessions, materials or other costs related to archaeological projects, generally in the area of £100-£200 though the amount is not fixed. A separate application form exists for this scheme and can be found at <http://www.cbасouth-east.org/grants-and-funding/> - please circulate and make sure this grant goes to good use!

Events

Friday 3rd April-Sunday 5th April 2020

Canterbury Christ Church University – **Medieval Canterbury Weekend**

Renowned historians and scholars will cover topics across the period from Anglo-Saxon to the Reformation. There will also be guided tours. Keynote speaker: Professor Michael Wood.

July 11th -24th 2020

CBA Festival of Archaeology

Keep these dates in your diary.

The Festival of Archaeology website is now open for event registration

www.festival.archaeologyuk.org

The theme this year is Climate and Environment but it is not essential to base your event on this. All topics and events are welcome.

Grants

The **CBA South East** has been able to offer grants to suitable archaeological projects for a number of years. The types of project vary and have included community activities, research, excavation, and support towards publication. A good number of excavations have had CBASE support, over all the region. Some of the funding has gone towards the cost of hiring equipment. Some archaeological groups have been supported with help towards the purchase of specialist equipment or geophysical work. Other grants have been awarded for archaeological training courses, and teacher training.

Projects that offer encouragement and fieldwork for school children and Young Archaeologists Clubs are regularly supported and are applicable specifically to our Young Archaeologists grant scheme, whose application can be found online.

If your group or project is lacking in funding then the CBASE may be a source of funds. The committee meets every 4 months and applications can be reviewed throughout the year. If you would like to apply for a CBASE grant contact the Grants Officer at john.funnell@brightonarch.org.uk for an application form and terms and conditions. If successful then a note about the project will be requested for publication in the newsletter.

Sally Christian Grants are available from **Sussex Archaeological**

Society to support individuals starting out in archaeology as amateurs or students (including sixth formers) to assist with the costs of practical or academic training, and to enable them to gain experience in archaeological fieldwork and other forms of research in Sussex. Grants are available for short courses and dayschools, covering such subjects as surveying, excavation methods, environmental sampling, drawing and/or identifying finds; and attendance at relevant conferences or research projects. Feedback will be required from successful applicants.

Further details are available from the Society's Research Officer (research@sussexpast.co.uk) to whom all applications should be submitted at least five weeks before a proposed funded course or project takes place

Canterbury Historical and Archaeological Society has limited funds available to award a grant to individuals researching any aspect of the history or archaeology of Canterbury and its region. It is envisaged that a grant would not normally exceed £500.

The deadline for applications is 30th June 2020.

For full details of the application conditions contact beechings1@gmail.com

Give as you Live

A free way to raise money for CBA South East when shopping online.

Fund raising on behalf of the Council for British Archaeology South East, supporting annual grants to be awarded for archaeological research in the region, can be as simple as using this fund raising platform – <https://www.giveasyoulive.com/> – and costs nothing more than the advertised price of your goods.

Details of how to use Give as you Live can be found on our website: www.cbасouth-east.org/raise-money-for-cba-se-for-free/

Please email any events, talks, recent publications relevant to the south-east, or fieldwork opportunities to events@cbасouth-east.org

Next e-letter will be issued approximately **May 1st**– please send any March, April and May items by **April 25th**.

Keep up-to-date on the website www.cbасouth-east.org/ and follow us on

 www.facebook.com/CBASouthEast and  [@CBASouthEast](https://twitter.com/CBASouthEast)
